Subject: RE: WQAC meeting

Hi KL,

Welcome back.

I have a few thoughts on your request. We are planning on having a WQAC joint meeting with the members of the expert panel in March. That meeting will be exclusively focused on the modeling, rather than the agenda sent out previously. I'll send out details on that meeting in the next week or two.

We are not going to try to schedule a separate WQAC meeting between now and then. In addition to the difficulty of doing that, it seems that there is some possibility of another shutdown before the end of February. I also need to advise you that we are not going to cancel any future advisory committee meetings based on federal status. Please keep in mind that we canceled the last 2 WQAC meetings due to federal closure.

I'd be happy to participate in a call or meet with you at EPA, if you would like to discuss this or get updates on any project status.

Take care,
John Y.

Hi John,

Since federal employees are back to office starting today, could you please reschedule the WQAC meeting as early as possible?

Thanks,

Kuo-Liang Lai, P.E.
